Singocandi , Kudus - Jawa Tengah

I am a 5th-semester Informatics Engineering student at Soegijapranata Catholic University, with a strong passion for technology and innovation. Throughout my studies and personal projects, I have developed comprehensive skills in frontend, backend, and cloud computing. These experiences have equipped me with a solid foundation in web development and cloud infrastructure, allowing me to create efficient and scalable solutions. I am always eager to learn and stay ahead of industry trends, continuously refining my expertise both inside and outside the classroom.
